

AVATAR Module 2&3

As we begin our work together, establishing a baseline of information to use with ongoing pilots is important. So, before moving on to the next section, please take the time to complete the PreSurvey of AVATAR Goals below. Once you have downloaded the document, saved it to your desktop, and completed it, please upload it to the AVATAR PreSurvey upload. If you have any difficulty with the upload, call Amy Lambert at 972-348-1490 and she will assist you.
